

# Position Vacant

**Location**            **Lingard Private Hospital, Merewether**  
**Position**            **Registered Nurse/Endorsed Enrolled Nurse -**  
**Pre-admissions Clinic**

## About the role

Are you an experienced RN or EEN that works well in a team and is committed to providing high quality clinical care to your patients? Your strong customer service skills will see you succeed in this role, as you assess surgical admissions and prepare patients for their surgery. You will be employed on a casual basis, and play a vital role in facilitating communication with patients, and ensuring appropriate pre-admission testing is attended.

### Essential Criteria:

- Current Registration with the Australian Health Practitioners Regulation Agency
- Recent relevant clinical experience in Day Surgery and/or Pre-Admissions Clinic
- Minimal 5 years clinical experience
- Ability to work efficiently and effectively in a high pressure environment
- A commitment to customer service
- Proven commitment to a team environment
- Demonstrated computer skills
- Strong understanding of clinical governance including ACHS Standards
- Sound computer literacy in desktop applications and patient management systems
- Strong collaborative interpersonal skills with well-developed verbal and written communication skills
- Familiarity with health funds, Medicare, DVA, Work Cover and third party requirements.

### Desirable Criteria:

- Post graduate qualification in a related field or working towards same
- Experience within a similar role

If this sounds like you, we encourage you to **Apply Now!**

## About the hospital

Lingard Private Hospital is located in the heart of Newcastle, right next to the iconic Merewether Beach, and is part of the Health Care Group. We are Newcastle's premier private hospital with a focus on patient-centred care through our values of strong relationships, positive communication, safe environment and innovation. We put people at the centre of all we do. Lingard operates 14 surgical theatres, 2 endoscopy suites, level 1 & 2 intensive care, robotics program, coronary care, cardiac catheterisation and rehabilitation. We utilise the best technology and latest medical practices, to ensure the best outcomes for our patients.

**Closing date: 5pm, Friday 24th September 2021**

**All written applications must address and meet essential criteria. Applications must include current CV and names of at least 2 professional referees.**
